

Sprint 4 Plan, Looking for Slugs, Sprint 4
11/20/2023, revision #2 & 11/20/2023

User Stories:

{P1} As a user, I want to be able to view my events on a map [20 points]

- Task: Integrate a map (possible google maps) to the website (10 hours)

Total for User Story: 10 hours

{P2} As a user, I don't want my feed to be flooded with events that have already passed [5 points]

- Task: Add functionality to delete events that are expired before they are presented to a user (1 hour)

Total for User Story: 1 hour

{P2} As a user, I want to be able to edit event details after I've posted it

- Task: Create capacity field in event database (3 hours)
- Task: Create button and navigation to editing feature (5 hours)
- Task: Create functionality with firebase to modify documents (5 hours)

Total of User Story: 13 hours

{P3} As a user, I want to be able to see the creator of the event and its members

- Task: Create spots for members / creators / map and edit formatting. (2 hours)
- Task: Add integration between database and frontend to show members and creator (5 hours)

Total of User Story: 7 hours

Initial task assignment:

Granger Pasko (Backend dev):
